## A FEW WORDS FROM THE MUR

I've been going to shows since late '79 but I didn't start taking pictures until '83. Tim Tinooka of Ripper fanzine got me started--I think there was some show he couldn't go to that he wanted photos from. Once I got at all good at it, it turned into an obsession. There I'd be at every show, snapping away. People'd come up to me and say "Are you doing a book or something?"

I figured that'd be a good thing to do someday. Luckily, Martin and Tim also thought so, and their "somedays" come sooner than mine.

So how do you do a photozine? Beats me. I spent one marathon (2 pm to 2 am) session staring at contact sheets and negatives and marking off possibilities. There were 2000 "possibilities." Impossible! Next, starting with current stuff and working back in time, I printed up the "good ones" until I got sick of it, and three days more. This yielded enough material to carpet Maximum's office. Then (stepping carefully), Tim, Martin, Cynthia and I fought over which ones to use. ("Don't you have any good ones? You want those sexists on the cover?") There was a second printing spree to pick up a few of the many lost bands, a second selection fight, and I was done (except for writing this).

Martin and Cynthia did the layouts. I think all the photos are mine, but I sometimes lent my camera to Jim Brick, so who knows?

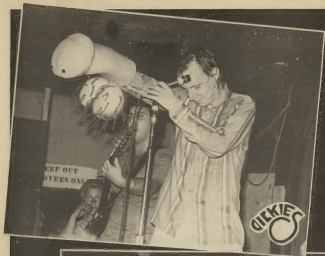

Some technical details: almost all the photos here were taken with a Nikon FE2, usually with Nikon's 28 mm f2 lens, sometimes with Sigma's 21-35 mm zoom, occasionally with a 28-85. Almost all were lighted with direct flash. All were taken on Tri-X, exposed at ASA 400, and developed and printed by me.

I prefer taking photos at small shows so I can stand right up in front of the band and blind 'em with my flash. (So that's his motivation!) Using a wideangle set at f8 or f11 and focused at 7 feet, most everything winds up in focus, so I just point and shoot, not bothering to look through the viewfinder. This all gets to be automatic, which is good 'cuz then you have to notice the guy about to jump off the speaker column onto you.

Thanks to Tim, Martin and Cynthia for making me do this. Thanks to the bands and fans and, maybe the most important, to the people who keep finding places for them to play.
